

Biogas market data in Germany 2022/2023

08/2023

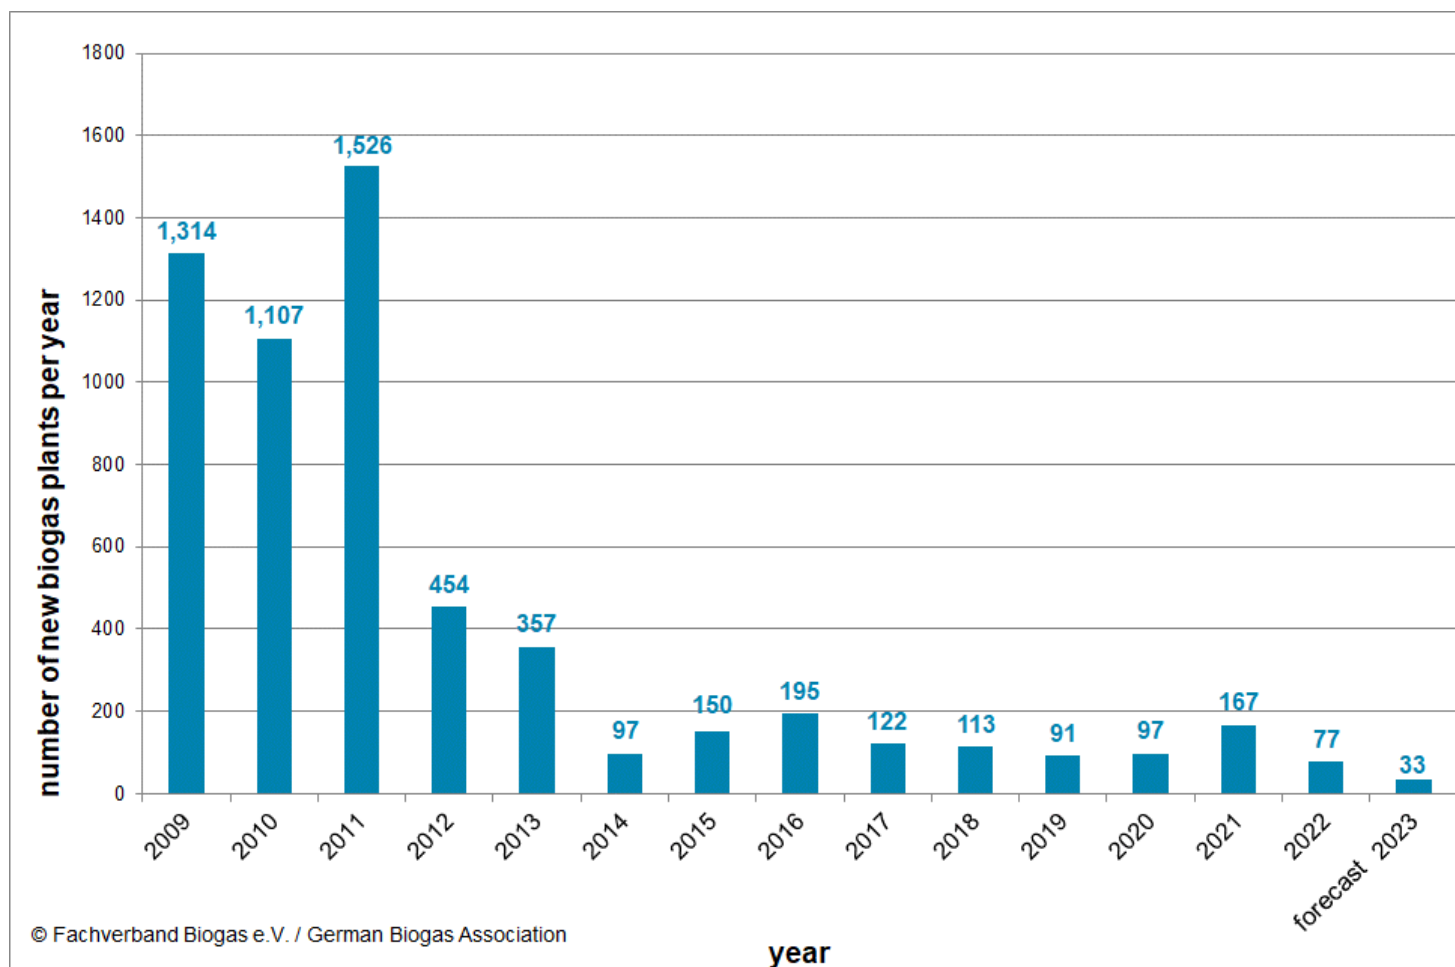

Development of the number of biogas plants and the total installed electric capacity in megawatt [MW] in Germany (as of 08/2023)

Biogas market data in Germany 2022/2023

08/2023

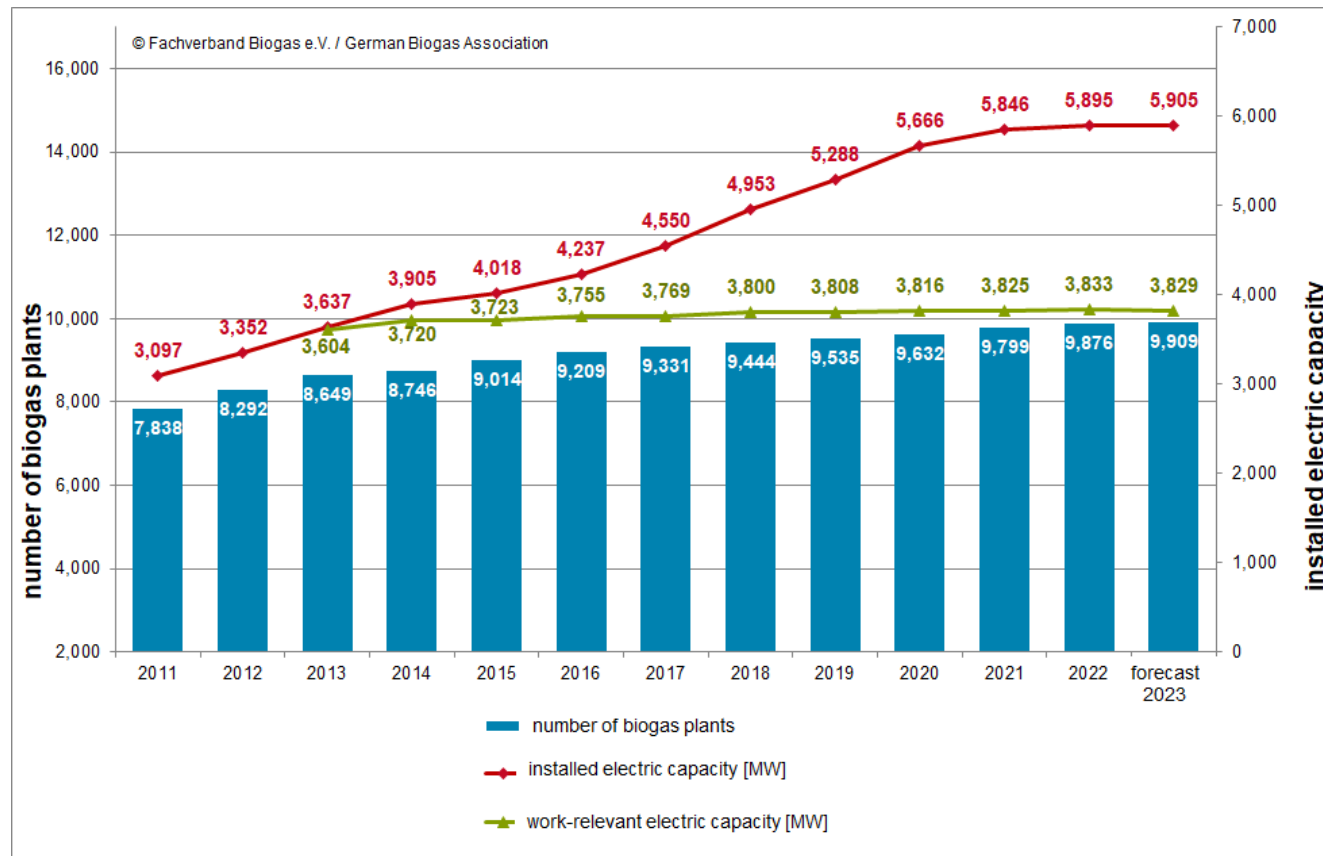

Development of the number of biogas plants per year in Germany
(as of 08/2023)

Biogas market data in Germany 2022/2023

08/2023

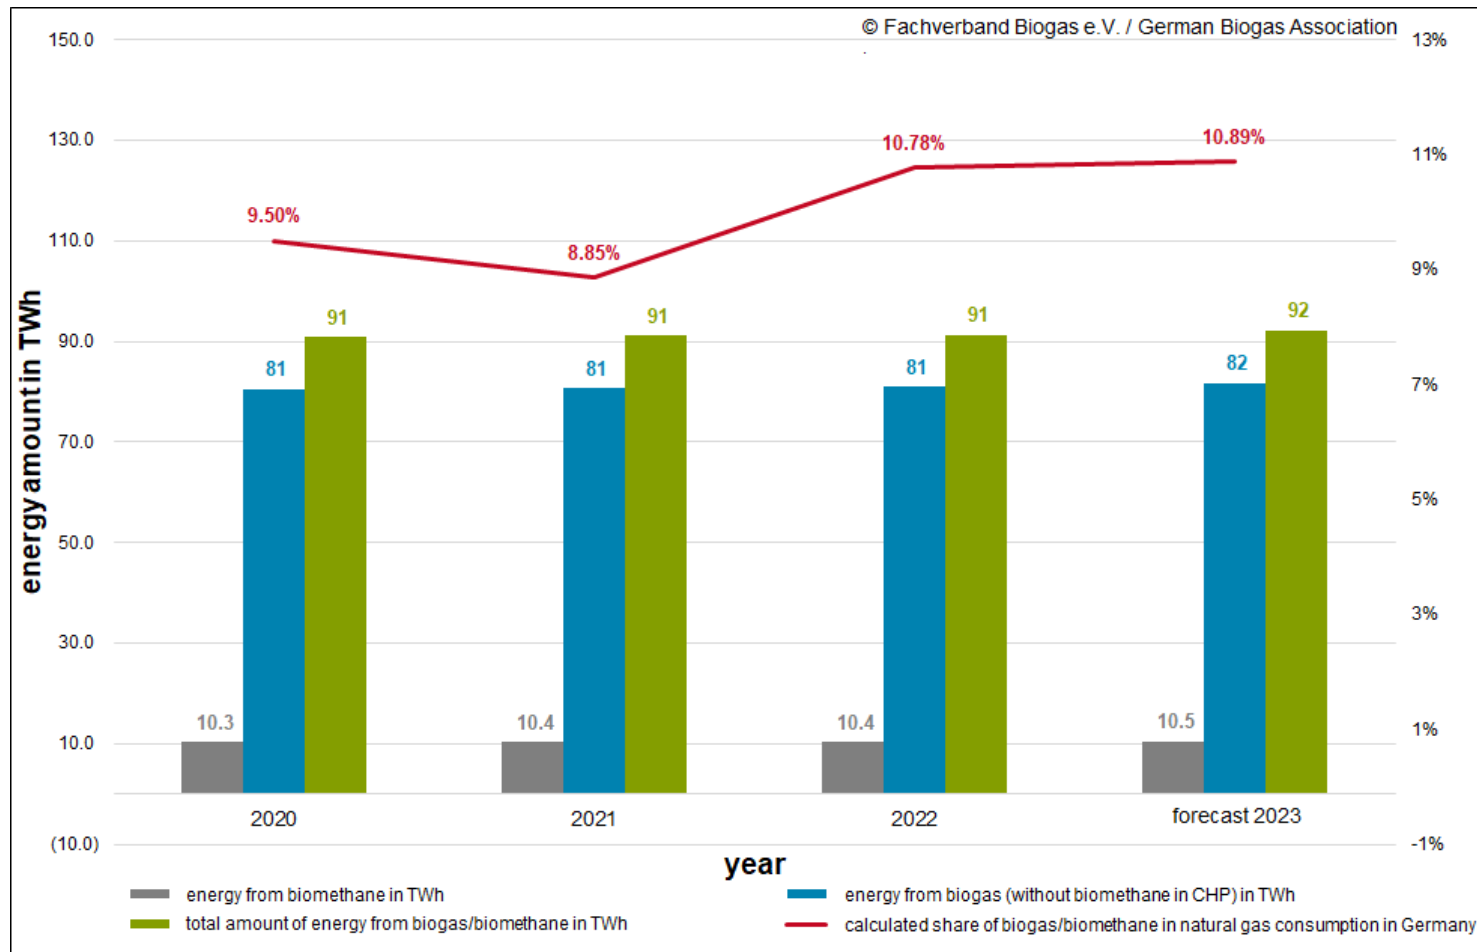

Development of the number of biogas plants, installed electric capacity and the work-relevant electric capacity per year in Germany
(as of 08/2023)

Biogas market data in Germany 2022/2023

08/2023

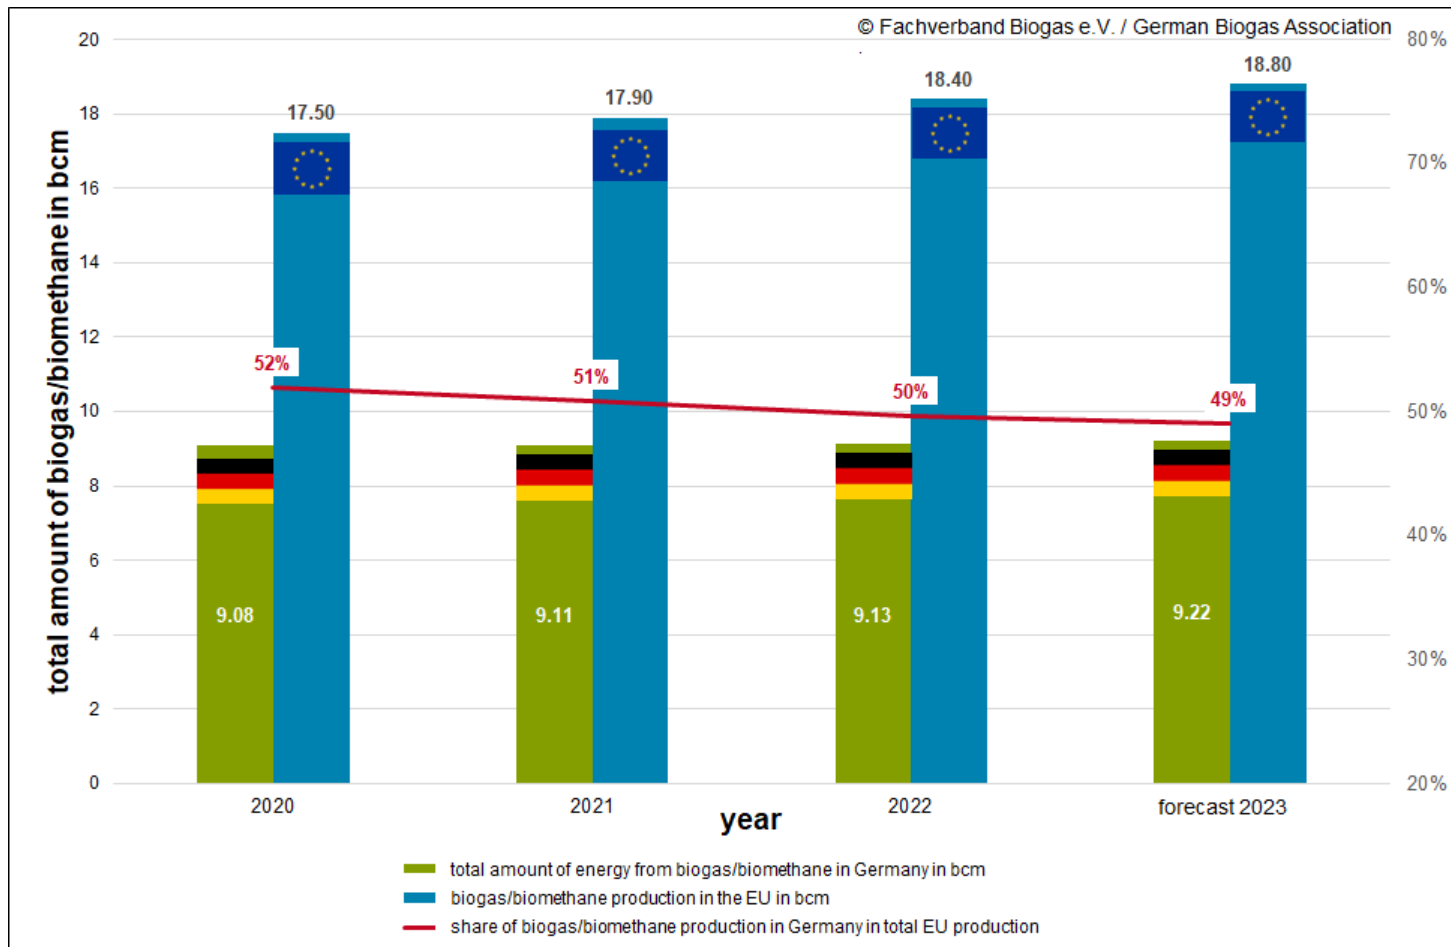

Energy amount from biogas/biomethane and the calculated share in natural gas consumption in Germany (as of 08/2023)

Biogas market data in Germany 2022/2023

08/2023

Share of biogas/biomethane production in Germany in total production in the European Union
based on the EBA Statistical Report 2022 (as of 08/2023)

Biogas market data in Germany 2022/2023

08/2023

Biogas sector statistics in Germany at a glance (as of 08/2023)

	2022*	Forecast 2023**
Number of biogas plants (biogas plants with biomethane injection)	9,876 (242)	9,909 (248)
Installed electric capacity in MW	5,895	5,905
Gross electricity production in TWh per year	33.54	33.89
Total amount of biogas and biomethane in m ³ /a (bcm)	9.13	9.22
Households supplied with biogas-based electricity in millions	9.58	9.68
CO ₂ reduction by biogas in million tonnes	21.2	21.4
Turnover in Germany in Euro	13.2 Billion	13.1 Billion
Turnover in Germany from exports in Euro	2.5 Billion	2.5 Billion
Jobs in the biogas sector	52,000	50,000
